We, the foregoing, humbly patition your Excellency the Vicercy of Chibli, that on the 24th Jamuary 1894 the Shanghai Branch of the China Association held a meeting in the Shang. ai Ulub and deliberated together for the purpor of staying the English Government from appointing Mr.; Drumpond to be the Crown Advooste at Shang hat. At that mooting there were 80 people prougt and their general idea seemed to be that as Mr. Denominad who has long been n Ching and has constantly fought lawanits and exerted his strength and used his faith on behalf of the Chinese, they, the members of the Association, regarded him as in micable to British and friendly to Chinese Interests; that if the post of Crown Advanta were given to him he would injure critich interests. They therefore immediately wred to the British Minister at Raking and to the Porciga Office at Tondon, asking that the appointment to the peat of soting Orows Advocate should be ostpood. But the meeting thus hald was nat for the purpose of merely preventing the appointment; their real object being to precont. Chinese bereafter having any matter in dispute with a Foreigner from being able to employ legal assistance to tespouse his cause. Whether My Drammond will be appointed to the acting post or not it is not out business to discuss, but the action taken at the meeting of the Association will most in juriously, affect Chinese intersts For many years in the transaction of legal business between Foreignari and Chinese, the latter have constantly suffered pricrove loss pecause of their ignorance of Fereign laws, and so Chinese have been number to obtain justice. Bet during recent years (binese have been able to disease such matters with the aid of Foreign lawyers and thereby assert their rights with fall and justice; but hence forth if the aim of the Association be carried into ffeet, and disputes arise between Forsigns and times, no lawyer will dark to conduct a case with euccess on behalf of Chinese clients, who will be thereby ambarred from obtaining justice; Chinese commercial interests will consequently be constantly injured; which is a matter tifor presentation at the fifth annual meeting of your Excellence to bring this matter to the atcommunicate (our prayer) to the British Ministor at Poking; and also telegraph to the Chinose Minister in London, making him to discuss the matter with the Buglish Paragett Office, in order that this injury may not be indicted upon Chinese interests. The polition was drawn up by the eight guilds mentioned above, and was approved of v-the
